

# Traditional Smoking Shelters

## At a glance

- Robust all-weather construction
- 6mm clear perspex sides with choice of perforated sheet steel or perspex back panels
- Adjustable feet for on-site positioning
- More than 50% open area to allow rapid dispersal of cigarette fumes
- Smaller shelters suitable for up to nine people, larger shelters up to twelve people
- Parabolts for surface mounting included. Must be bolted to 250mm thick concrete for stability
- Site survey and installation service available
